

Exciting News from GPA for 2019!

Things have changed at GPA. GPA's tax classification has changed to benefit our members, partners and donors. The organization has always been a "non-profit" tax-exempt group as a 501(c)(6) ("trade association" per IRS definition.)

NOW GPA is officially a 501(c)(3) tax-exempt charitable organization.

What does this mean for GPA members, sponsors, speakers and exhibitors?

Starting in 2018, membership dues, contributions (think "silent auction"), sponsorships and other donations are **ALL tax exempt**.

What does this mean for GPA?

This change offers GPA an unprecedented opportunity to seek donations, grants, and other forms of financial support that will benefit both GPA and donors.

2019 Membership

PLEASE continue to support Georgia Perinatal Association through your membership. Please ask your place of business, vendors and others you do business with to consider a donation to help GPA continue working on behalf of mothers, babies and families in Georgia.
